

AFM components for sale

- 1) Digital Instruments Dimension 3100 AFM base/stage with Hybrid XYZ scanning head: \$2000

2) Veeco Dimension V AFM base/stage with DMLS-B60N scanning head. Price: \$2000

3) Veeco NanoScope V controller Price: \$1000

4) Veeco diDimension controller Price: \$500

5) Digital Instruments Nanoscope IV controller Price: \$1000

6) NanoScope Dimension controller Price: \$500

7) Veeco diSAM V Signal Access Module Price: \$500

8) Digital Instruments Signal Access Module SB08-1 #1 Price: \$500

9) Digital Instruments Signal Access Module SB08-1 #2 Price: \$500

10) NanoScope Extender EX-1 Price: \$300

11) PicoForce Force Spectroscopy Control Modules (2) Price: \$300 each

12) Picoforce Passband Gain Dongle. Price: \$50

13) PicoForce Deflection Gain Dongle Price: \$50

14) XYZ Hybrid preamp box with cables. Price \$150

15) Digital Instruments electronic PCB . Price: \$100

16) MultiMode PicoForce scanner assembly. Price: \$400

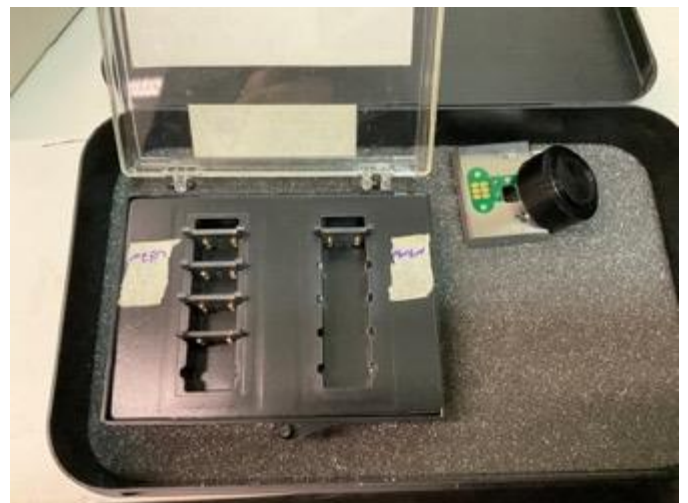

17) Multimode magnet holder. Price: \$100

18) Veeco DAFMXYZ-360 calibration-data CD Price: \$20

19) NanoDevices "Active Probe" AFM kit/components — contents as shown, unverified. Price: \$150

20) Nanoscope IV Emulator port adapter. Price: \$25

21) Believed to be a MultiMode STM converter head with cable. Price: \$400

22) Nanotip nanoprobe SPM tips. Price: \$20 per box

23) Four-meter NanoScope/AFM multi-pin cable #1. Price: \$150

24) Four-meter NanoScope/AFM multi-pin cable #2. Price: \$150

25) Multi-pin cable \$60

26) Optical/fiber or sensor cables Price: \$60

27) Proprietary cable Price \$90

28) Proprietary cable Price \$90

29) Vacuum/air tubing or cable assembly. Include with base

30) Magnetic Force Microscopy accessory kit, contents and completeness unverified. Price: \$100

31) Bruker AFM probes. Orice: \$100 per box

Not AFM items

32) American Probe & Technologies semiconductor probe-station tips. Price: \$100 per box

33) Karl Suss tips. Price: \$50

34) American Probe & Technologies Model 72X-D3/05, 3-mil straight tungsten probe. Price: \$25
